Immediate Action on Draft Order

**Tighter Regulations
Expected to Bolster
War Labor Force
Officials Believe**

WASHINGTON, Dec. 11.—(AP)—Selective Service today notified state draft directors that it will take "immediate action" to put into effect the Byrnes' manpower direction.

In telegrams to state officers, Maj. Gen. Lewis B. Hershey said that draft regulations are being amended to provide that when occupationally deferred registrants leave essential jobs they will be "reclassified into a class immediately available for service."

The only exception, he said, will be in cases where local boards rule that a change of jobs by men 26 through 37 "is in the best interest of the war effort."

"To accomplish the purpose that

JEFFERSON CITY, Dec. 11.—(AP)—Col. Claude C. Earp, state draft director, said today he had not yet had time to check his files to see how many Missouri men may be affected by War Mobilization Director Byrnes' new manpower order.

Byrnes' directive called for reclassification and induction into armed service of men between 26 and 37 years old who leave essential war jobs.

registrants 18 through 37 carry their full share of the nation's war effort in order to remain occupationally deferred, local boards will apply present occupational deferment instructions in the light of the immediate urgencies for men in the armed forces and the civilian war effort," Hershey said.

Orders This Week
The new regulations outlining detailed procedure to be followed will be sent to local boards later this week, Selective Service said.

Manpower officials expressed confidence today that tighter draft regulations due this week will "go a long way" toward bolstering the war labor force.

The most important result of James F. Byrnes' directive to Selective Service, they said, will be to cut down appreciably the huge labor turn-over that has been a number one problem in fighting lagging war production.

The director of war mobilization and reconversion, in instructions to Draft Director Lewis B. Hershey over the week-end, ordered an "increase" in the number of men 26 through 37 called to the armed services.

Byrnes said this was necessary to replace men released from the services to fill jobs where their skills are needed. He also directed that consideration be given to drafting occupationally deferred registrants in that age bracket who leave essential industries.

WMC officials pointed out that while under present selective service regulations men of these ages not in essential jobs are liable to the draft, very few have been called for several months. Since last spring the needs of the army and navy have been met largely with men under 26.

As a result, older registrants have been drifting from munitions benches to peacetime jobs, WMC said.

Air Medal to Lt. Redtfeldt

AN EIGHTH AIR FORCE BOMBER STATION, England—Second Lieutenant Gordon A. Redtfeldt, 22, of Sedalia, Mo., navigator of a B-17 Flying Fortress of the 95th Bombardment Group, has been awarded the Air Medal for "meritorious achievement" while participating in Eighth Air Force bombing attacks of vital German industrial targets, and on Nazi ground forces on the Continent. The presentation was made by Colonel Karl Truesdell, Jr., of Washington, D. C., group commander.

Lt. Redtfeldt is a member of the Fortress group which led the first American bombing attack on targets in Berlin, and which was cited by the president for its outstanding

Eisenhower Proclamation To Germans

By The Associated Press
The German people were told today in a proclamation issued in the name of Gen. Eisenhower to beware of joining or encouraging others to join underground military organizations.

The broadcast proclamation, eighth in a series explaining Allied military government plans to the Germans, was reported by the Office of War Information.

It told the German people that militarism "must be stamped out in Germany" and that the population would be called upon to surrender articles of "military significance" including weapons, ammunition, explosives and radio transmitters.

W. Pinkepank, Commander of Legion, is Dead

**Suffered Heart
Attack December 2,
Dies in St. Louis**

Walter P. Pinkepank, 55 years old, 1902 East Broadway, died at the Missouri Pacific hospital in St. Louis at 2:45 o'clock Sunday afternoon.

Mr. Pinkepank had apparently been in good health until Saturday, December 2, when he suffered a heart attack just before lunch. He was taken to the Bothwell hospital, remaining there until Thursday when he was removed to the railroad company's hospital in St. Louis.

Mr. Pinkepank was commander of the American Legion post No. 16. He was an active member of the Democratic party and a former city councilman, having served two terms from 1932 to 1936. He was born in Sweet Springs, Mo., on October 18, 1889, son of the late Henry and Louise Pinkepank. He was married to Miss Christine Hansbro in Sedalia, June 8, 1922.

Mr. Pinkepank was a machinist at the Missouri Pacific shops and was an active member of the East Sedalia Baptist church.

Surviving are his wife, a daughter Miss Virginia, both of the home and a son Raymond with the U. S. navy in the South Pacific. Also two brothers, Hugo Pinkepank of Sweet Springs and Herbert Pinkepank of Kansas City and three sisters, Mrs. Hugo Echoff and Miss Laura Pinkepank of Sweet Springs and Mrs. Allen Bergman of Concordia.

Tells Rotarians Of Post-war Life Insurance

The Sedalia Rotary club met in regular weekly session at 12 o'clock noon at the Bothwell hotel with President Lawrence Barnett in charge of the meeting. Walker Pierce of St. Louis was scheduled as speaker for the day but due to car mishap en route was unable to be present.

Hugo Sparn, program chairman for the month of December acted as pinch hitter for the speaker and made a very interesting and informative talk on the subject of "Post War Life Insurance."

The speaker said every man retiring from the service with an honorable discharge should be urged to retain his National Life Insurance. The maximum amount issued is ten thousand dollars and should the service man be unable to continue the entire amount, he can take any part of it over one thousand dollars. By keeping the government insurance said Mr. Sparn, the service man provides for his dependents with a policy of any military clause. If you have a relative in the service you should do two things, he said. Urge him to name a contingent beneficiary on his policy and if he is discharged urge him to keep up the payments on his premiums.

"While in the service," the speaker observed, "these are deducted so when he comes out he may neglect or overlook these. And if they go beyond the thirty-one day grace period he can only be reinstated by showing evidence of insurability."

Guests present were: Rotarians L. J. Brown, Lexington; K. P. McCrary, Glasgow; Walter L. Cooper, Jefferson City and Thomas T. Mooney, Eau Claire, Wis. Earl B. Hinkey, Green Ridge, was a guest of Oscar DeWolfe.

An interesting letter was read from the Rotary club of Honiton, Devon, England. This club was organized during the year 1944, indicating that the domestic life of the British Isles goes on despite the war. The occasion of this letter was to tell of entertaining Abe Silverman, 524 East Third street, Sedalia.

Hearing Tuesday Morning

The hearing of Sergeant Lloyd W. Rickard, S. A. A. F., charged with careless and reckless driving, will be held at 9 o'clock Tuesday morning in the court of Judge C. W. Bentie, police magistrate. Rickard was arrested after a collision between his car and a Sedalia bus at Main street and Kentucky avenue early Sunday morning.

Meeting Called Off

The American Legion Auxiliary dinner, planned for Wednesday night, has been called off because of the death of the Legion Commander, Walter Pinkepank.

Decorated With Air Medal

A U. S. TROOP CARRIER BASE, SOMEWHERE IN FRANCE—In a ceremony held in a driving rain at a mud-ridden Troop Carrier base somewhere in France, Flight-Officer George Y. Juneau of Everett, Wash., was decorated with the Air Medal by his Commanding General, Maj. Gen. Paul L. Williams, head of the U. S. Troop Carrier Forces in the European Theatre of Operations.

Flight-Officer Juneau was one of the many glider pilots who were decorated personally and congratulated by General Williams for "meritorious achievement" in the successful operation of their now historic airborne invasion of Southern France.

The Washington pilot, whose parents are Mr. and Mrs. George S. Juneau, R. F. D. 3, Everett, flew his CG-4A glider, heavily loaded with troops, ammunition and supplies, through heavy fog on the long over-water route, landing without mishap in the soft-plowed land of the French vineyard country.

Flight-Officer Juneau is a glider pilot of the U. S. Troop Carrier Forces which form the American air component of Lt. Gen. Lewis H. Brereton's new First Allied Airborne Army, now battle-proven liberators of the Holland invasion.

Flight Officer Juneau's wife, the former Miss Hortense Neighbors, resides with her parents, Mr. and Mrs. Edgar Neighbors, 610 South Osage avenue.

Missouri is Covered With Snow Blanket

A sticky blanket of snow, ranging in depth from three to 13 inches, covered most of the mid-west today and the forecast generally was for more of the same. Nineteen persons died in traffic accidents traceable to hazardous driving conditions over the week-end.

The United States weather bureau at Chicago said the snow extended as far south as Memphis, Tenn. Dallas, Tex., reported freezing weather had gripped the state from the Panhandle to the Gulf of Mexico.

Iowa City, Iowa, reported thirteen inches of snow.

The lowest temperature reported was at North Platte, Neb., where the mercury skidded to 8 degrees.

KANSAS CITY, Dec. 11.—(AP)—Snow flurries and freezing temperatures were reported throughout Missouri today, in the wake of a weekend storm that caused four traffic fatalities in the state and left roads dangerously slick in all except the southeastern portion.

The weather bureau here reported that temperatures were running from 10 to 15 degrees below normal over the state, with 17 degrees at Tarkio, Mo., the lowest recorded this morning.

The latest traffic fatality was reported 40 miles west of Springfield, Mo., where Herman Heeshen of Carthage was killed when his car sideswiped a truck on highway 66. The other three storm deaths reported in the state over the weekend were: Carl Grant, 60, St. Joseph motor sales executive killed when his car skidded from the highway near Oregon, Mo.; George Woodbridge of Kansas City killed in a car and truck collision near Meadville, and the death of 12 year old John Paul Alexander of Kansas City when his sled ran under an approaching car.

Drifting Snow
The highway patrol in Jefferson City this morning reported wind drifting snow at Macon, Sedalia, Lees Summit and Jefferson City. No roads are blocked in the state, but the patrol said all were "dangerously slick" except those in the southeast portion.

The most snow recorded officially in the weekend storm was at Hannibal, Mo., where 9 1/4 inches were reported. Light flurries of snow were reported falling today over the most of the state, including St. Louis, Sedalia, Springfield and Poplar Bluff.

Low thermometer readings of 12 to 15 degrees in the western portion and 15 to 20 degrees in the eastern part are predicted tonight.

**Fire Departments
Make Two Runs**
The fire companies, at 7:49 o'clock this morning, were called to the residence of Phil R. Burford, 1006 South Grand avenue, where a fire was burning out. No damage resulted.

Sunday morning at 7:46 o'clock the companies made a run to the residence of W. P. Farnell, 1800 South Warren avenue, where a gasoline stove had caught fire. Slight damage resulted.

To Attend Funeral
Members of the War Mothers club, Chapter I, will assemble at the East Sedalia Baptist church Tuesday afternoon to attend, in a body, the funeral of Walter P. Pinkepank.

Miller told reporters that Miss Riemschneider was hired with the understanding she was a part-time stenographer in Sedalia who would do part of Miller's legislative work.

"In my opinion there is nothing either wrong or unethical in this," Miller asserted. "Other senators did as I did."

Not Inclined To File
"I'm not inclined to file any charges," Quimby said after reading the report. "At least that's my present attitude."

Quimby asked the jury probe after Miss Ruth Riemschneider of Jefferson City signed a statement that she had returned \$164 of her 1943 pay as a senate secretary to Sen. George H. Miller, Sedalia Republican, who was defeated in November as the Republican candidate for attorney general.

She was among more than a dozen witnesses quizzed by the jury, including Miller, Sen. H. B. Hart of Versailles, several former secretaries of Miller and Hart, and several state employees who handled legislative payroll accounts.

Heavy Blow to Japs
Capture of Ormoc represents a heavy blow to the Japanese. It was vital to the enemy as a re-inforcement port for his troops in the Ormoc corridor which runs through mountain country from Ormoc to Carigara Bay on the north. This corridor, on the north-west shoulder of the island, is Japan's last effective grasp on Leyte, which Tokyo considers the key to the Philippines campaign.

The Japanese still have a small port facing the Visayan sea. This is Palompon, 18 miles northwest of Ormoc.

Ormoc's seizure, wrote Associated Press correspondent Murlin Spencer, "does not mean the Leyte campaign is concluded."

"There is still much heavy fighting to be done before Japanese forces both south and north of Ormoc are wiped out."

Al Dopking of the Associated Press said the Japanese appeared to be retreating from the Seventh division but were expected to make a desperate, final stand.

There was every indication the Japanese would make a fight for every inch of Leyte.

No Violation Of Law, Grand Jury Reports

**Recommendations
Made in Salary
Kickback Inquiry**

JEFFERSON CITY, Mo., Dec. 11.—(AP)—A Cole county grand jury reported today that its investigation of rumored salary kickbacks to state senators "does not show a violation of the law."

No indictments were returned by the jury.

"We do, however, recommend that the legislature pass a law making it mandatory to have employees of the legislature designated as to by whom they are employed," the jury said in its report to Circuit Judge Wadward T. Eversole after two months of investigations.

"If this could be done, it would eliminate a great deal of confusion and misunderstanding."

The jury investigation was asked by Curtis Quimby, Cole county prosecutor, who said he had "good reason to believe" several senators were guilty of anti-bribery law violations by collecting part of the salary paid their secretaries by the state.

Thought There Was Evidence
Quimby said he thought he had "enough evidence for an indictment in one case and with the aid of a grand jury I believe I could get that much evidence in several more."

"If the prosecuting attorney is still of the opinion that the laws above mentioned have been violated he has the right to institute criminal proceedings by the filing of an information," the jury report commented.

Not Inclined To File
"I'm not inclined to file any charges," Quimby said after reading the report. "At least that's my present attitude."

**Second Symphony
Concert Tonight**

Tonight at 8:20 o'clock at the Smith-Cotton high school auditorium is the time and place for the second concert of the season of the Sedalia Symphony orchestra conducted by Abe Rosenthal.

Herbert Gould, basso-cantante, of the University of Missouri faculty, whose concert, oratorio and opera work has arrested nation-wide attention, will be the guest artist.

Dr. Gould was made very happy Sunday when he received word that his son, Maj. David Gould, commanding officer of the 725th overseas squadron of the 15th Air Force, had been returned to the States after being wounded in a mission over Austria. Maj. Gould is in Miami, Fla., from which place he will be sent to a hospital near his home, and expects to be home by Christmas.

Advance in Fresh Snowfall; Trap Thousands of Japanese

**Seaport of Ormoc
In American Hands,

By 77th Division**

By The Associated Press
GEN. MACARTHUR'S HEADQUARTERS, PHILIPPINES, Dec. 11.—Leyte Island's strategic seaport of Ormoc was in American hands today—captured just four days after surprise landings to the south—and three columns of veteran Yanks put a nutcracker squeeze on thousands of Japanese trapped in a narrow pocket by the action.

Ormoc was seized in midafternoon Sunday by the American 77th division, which launched the knockout attack in early morning from the town's outskirts after a

Tokyo announced today the death of Vice-Admiral Chiuchi Nigumo, supreme commander of Japanese naval forces, and said he had been killed in action on Saipan Island.

quick drive from beachheads established Thursday under naval and air cover.

The American Seventh division was less than a mile from Ormoc after making contact at Albura on the west coast with a column which came west over the hills from Burauen in Leyte valley. In the ever narrowing corridor between these forces were thousands of Japanese facing a deadly squeeze play.

Gen. Douglas MacArthur reported in his communiqué today:

"Trapped and compressed into a narrow pocket by these three Allied columns, the enemy's forces in the southern segment of the Yamashita line, although many thousands strong, are unable to extricate themselves."

"They are being destroyed with little opportunity for effective retaliation."

Associated Press correspondent Dean Schedler with the 77th division, wrote that Maj. Gen. Andrew Bruce's veteran outfit found opposition surprisingly light upon securing a beachhead and, revising plans, immediately pushed toward Ormoc along the coastal road, meeting only light pockets of resistance at first. Later strong dugouts and pillboxes had to be destroyed.

Some See Snow For First Time

"Kids" weren't the only ones thrilled by the heavy snow which fell Saturday—a number of Sedalia Army Air Field Officers were just as thrilled, and displayed their interest by participating in the snow-play with the kids.

One army officer stood on the corner of Fourth street and Ohio avenue, after walking out of the Hotel Bothwell, and exclaimed, "I've heard about it, I've read about it, but this is the first time I have seen it." He told bystanders he was a boy from "way down South."

When the snow began to pack, and the streets were real slippery, boys and girls with sleds hitched rides behind automobiles. They commercialized on the rides when army officers offered them anywhere from twenty-five cents up to a dollar to ride on sleds with them. One officer offered a boy a "buck" to ride on his sled, then offered to let the boy ride on top of him—free.

Dies From Gun Shot Wounds

Mitchell A. Collins, 46, son of Mrs. Sallie Collins of Sedalia, was found dead in the garage at his home in California, Mo., from gunshot wounds, about 6:30 o'clock Saturday night.

A young neighbor boy who had gone to the Collins home, with Mickey Collins, five year old son of Mr. Collins, saw him lying in the garage and told his mother. The mother immediately called Mrs. Collins, who investigated and found him dead. He had been in ill health the past few weeks.

Mr. Collins was born and reared in Syracuse, Mo., and for the past three years had resided in California where he owned and operated the five school buses. He was married to Miss Clara Ellis about twenty-one years ago.

Surviving besides his wife are two sons, Michael, of the home and R. J. Collins, who is in the service stationed in Georgia, and will arrive home tonight; a brother, Ray Collins of Detroit, Mich., who is on his way to California; a sister, Mrs. Pete Wade of the state of California. Another brother, William Collins, died from burns while a city fireman in Sedalia seven years ago.

Funeral services will be held at 11:00 o'clock Wednesday morning at the Baptist church in Syracuse.

To the north, other infantry formations still fought in the streets of Pier, five miles northwest of Duren, where the Germans had tanks. Enemy armor also guarded the approaches to Schopfoven, where American infantry last was reported 500 yards away.

The First army opened a new pre-dawn attack at 4:30 a. m. from the vicinity of Lucherberg and covered 2,000 yards, reaching the outskirts of Merken, very close to the flooded Roer and three and a half miles northwest of Duren.

WASHINGTON, Dec. 11 — Inside fact about the troubles in Greece is that they date back to an understanding between Roosevelt and Churchill that the American army would play second fiddle to the British army in all matters affecting not only Greece but Yugoslavia. Churchill sold Roosevelt on the idea that this was a British sphere of influence, that all decisions, all military and diplomatic operations should be under the British.

This has been carried out to the last T—in fact so much so that it was a cause of considerable embarrassment to U. S. military leaders in the Near East. When for instance the U. S. army officers wanted to send instructions to U.

S. army men inside Greece, they had to send them through the British in British code. They never could tell whether the messages were delivered.

And when U. S. officers wanted to send men by plane to certain points in Yugoslavia and Greece, they had to do it on British planes. This was part of the Churchill-Roosevelt agreement. But if the British didn't want to fly their planes, U. S. officers could not go.

It is now no secret that both British and American troops infiltrated back and forth inside Greece and Yugoslavia during the German occupation. Supplies were sent to the guerrillas in both countries and so were U. S. troops. Usually the troops were American citizens of Greek or Yugoslav descent who spoke the language and could work with the rebel armies fighting the German occupation. But everything had to be done under the British and when the British found an American too friendly to the non-Royalists in Greece, he was quietly transferred elsewhere.

This policy was carried so far that today American citizens working for UNRRA in Greece must wear British uniforms. If they refuse to wear British uniforms, they are not allowed in Greece.

Police Reversed Too Late
Thus, although the state department has now announced a policy of keeping hands off Greece, Italy et al. as far as their type of government is concerned, actually this has come a little late. For more than two years, the Greeks were told by U. S. diplomats that the British views were our views. For instance, when the Greek cabinet at Cairo, in the autumn of 1943, requested King George of Greece not to return until a plebiscite had been held, this column reported (on Oct. 28, 1943) that U. S. Ambassador Alexander Kirk urged the Greek cabinet to support the king.

It is hard to reverse a policy overnight and make the Greeks understand it. Unquestionably they hold us almost as responsible for the rioting and bloodshed in the streets of Athens as they hold the British.

Note — On Aug. 19, 1944, this column quoted Greek guerrilla Premier Svolos as saying: "If an Anglo-American army comes in

with the idea of keeping any part of Greece, we will fight against you as we never fought against the Germans. We fought the Turks in the mountains of Greece for 500 years and we will do the same against you."

Movie Stars in Politics
The activity of Orson Welles, Frank Sinatra, Ann Sheridan and a lot of other movie and radio stars in the recent campaign has caused repercussions among the movie-going public. One irate movie goer recently wrote to Harry Warner of Warner Brothers, demanding that movie stars be suppressed when it came to expressing their political opinions.

To this Harry Warner replied: "Dear Madam: In reply to your letter of the 8th, I am very much surprised that anyone would refuse to go to see a picture because the star in it had publicly expressed his political point of view."

"I think your letter would be fitting in any Nazi or Japanese country, but Thank God there is an America where people can express their opinions publicly, no matter what their political affiliation may be."

"We advised all of our people that they certainly had a right to express their views, no matter what political party they favored. If you have a right to go and see whatever picture you want to see and express your views as to what you think about it, then a movie star certainly has the right to go to any political gathering and express his opinions."

Snowplows in Troics
For weeks the Alaskan army has been yelling for a dozen high-powered snowplows to clear airfields in Alaska. Orders were sent for them nearly a year ago but, although the plows were shipped out in good time, they still have not reached Alaska. Instead, guess where they are! They are reposing under thatched roofs in the tropical heat of one of the Mariana islands.

Here is the story of what happened. The dozen plows were loaded last summer on the decks of two ships whose holds were full of powder and shells. The ships sailed for Alaska from a port on our Pacific coast. Shortly after they set sail, a frantic request came from the Pacific theater for ammunition of the type these ships were carrying — the Saipan battle was in progress at that time.

The ships were radioed to change their course and make for the Marianas. Unfortunately there were no port facilities at the island to which they were directed and the Marines and Seabees assigned to unload the ships had a major engineering job on their hands. They had to remove the heavy dual-motored plows on small lighters before they could unload the ammunition.

Goodness! Who'd Ever Think It'd Come to This?

YOU GOTTA THINK QUICK

By Stanley Paley Copyright, 1944, NEA Service, Inc.

XXXI
THE three days that followed were about the happiest in my life even though I knew I was going to have to start my career from scratch. If I continued practicing law it would be on an entirely new basis. The hard way! But a tremendous thing had happened to me. I was no longer alone. From now on Mickey was on my side and that made all the difference in the world.

Meanwhile Boggio was to receive back every penny he'd ever given me. It would take time, but I was determined not to owe him anything.

As down payment on my freedom I mailed him a check which stripped me of all the cash I had excepting a few hundred dollars I needed to get back on my feet. I still had a few months to go on the lease of my office, so I couldn't cut down expenses there. But I also had about ten weeks left at the Towers for I'd paid half a year's rent in advance.

So what did I have to worry about? The paper Boggio had made me sign years ago? That bogey was dead. I knew now he'd never be so dumb as to use a confession coerced from a 16-year-old boy. It would be too compromising for him. As to the contract I'd signed more recently, I was in effect legally buying my way out of it.

Furthermore I'd taken care of another eventuality. After receiving my check Boggio had called me up and again pleaded with me to reconsider my decision. When I remained adamant he had become unpleasantly threatening. That hadn't worried me. I'd played my trump card.

"Virgil, we're all mortal and I realize I might become involved in a fatal accident some day. That would be a tough break for both of us. Because if I should die before you do there's a long long letter that'll automatically be mailed to the F. B. I."

I didn't even have a chance to say goodbye for he'd hung up on me.

Looking Backward Forty Years Ago

The Sedalia Gas and Fuel Co. yesterday completed repairs on its plant which have been in progress the past few weeks and no shortage of gas supply is anticipated in the future.

The force of bricklayers at work at the Missouri Pacific shops is expected to be increased to eighty tomorrow. Enough experienced hard carriers from St. Louis and Kansas City will be here then to keep them busy.

C. Kelly Barnes and bride arrived yesterday from New Orleans and other southern cities and have taken an apartment in the Huckins hotel.

Rev. Dudley M. Clagett of this city was assisting in a series of revival meetings at the Presbyterian church at Warsaw.

Herman Lewis, formerly of Sedalia, has taken a position as the freight agent for the M. K. and T. at Coffeyville, Kas., and has entered upon his duties in that capacity.

What dessert do you think of this time of year? Pumpkin pie with whipped cream? Ummy! Here's a pumpkin pie recipe that's "different" for it has a slight orange taste, and with my own special topping—well, it's simply "out of this world."

Pumpkin Pie A La Daricraft

1 cup pumpkin
Brown in slightly buttered pan 10 min. stirring occasionally as you prepare following—

1½ cups DARICRAFT (undiluted)
¾ cup brown sugar
1 teaspoon cinnamon
1½ teaspoon salt
½ teaspoon ginger
¾ cup orange juice
2 eggs well beaten

Add to hot pumpkin, mix thoroughly and put in unbaked crust in oven at 450° for 10 min. Turn oven to 325° and bake 25 min.

Just before serving, top with following—

Topping

½ cup ice cold DARICRAFT
1 teaspoon lemon juice
1 teaspoon orange juice

Whip and add a grating of orange rind and 3 tablespoons sugar

Whip again and place in tray of refrigerator for at least 2 hours.

This is really SOMETHING to serve those "special guests." Of course you MUST use DARICRAFT to get that glorious flavor. DARICRAFT is that new "super" evaporated milk, you know, that is pure fresh jersey milk pasteurized and homogenized with nothing but 50% of the water removed, and ONLY Vitamin D added. It's DARICRAFT's special process that gives it that "special" flavor. Get some today at your grocers, and try it in your favorite recipe.

Major-Minor Leagues Meet Today in N. Y.

Look for Majors to Turn Down Several Proposals of Minors

By Joe Reichler
NEW YORK, Dec. 11.—(P)—The major-minor league annual meeting opened today at the Hotel New Yorker and the rumor is that the big leagues probably will reject the minor leagues' proposed boost in draft and waiver prices. No official word permit him to be quoted, but an authoritative source indicated that the amendment to increase the waiver price by 33 1/2 per cent would be turned down by the majors as well as the amendment to add territorial protection for the minors from threats of invasion by major league clubs.

A poll of a majority of big league club owners indicated the game will be ruled by a three-man advisory council comprised of Ford Frick, National league president; Will Harridge, American league president; and Leslie M. O'Connor, secretary to the late commissioner K. M. Landis.

Clark Griffith, Washington owner, sprang a surprise when he intimated that he would ask for only 35 night games for 1945 instead of an unlimited or light schedule. This is seen as a sort of compromise with night ball opponents who appear determined to limit each club to 14 night games this season.

The majors also were expected to discuss the post war problems involving high school baseball and promotional work with emphasis on the improvement of umpire standards.

The Detroit Tigers and St. Louis Browns are knee-deep in conversation with the names of Outfielders Chet Laabs, Milt Byrnes, Mike Chartak, Shortstop Joe Orenego and Pitchers Forrest Orrel and Bob Gillespie mentioned often. Landis joined such illustrious baseball men as John McGraw, Connie Mack, Ban Johnson, Geo. Wright and Morgan C. Bulkeley when he was elected to the hall of fame.

Leo Diegel Doesn't Mind Being Called A Golf Veteran—Much

TUCSON, Dec. 11.—(P)—Leo Diegel doesn't mind being called a veteran golfer, but he thinks that to call him the PGA champion of 1929, as one local newspaper did, is carrying this veteran business too far.

But Leo showed there was life in the old boy yet. At the El Rio course, where he's the winter pro, he fired a six-under par 29 for the first nine holes.

How to stretch a ton of coal!
CONSERVING coal is going to be a "must" for everybody this winter. This isn't because less coal is being mined.
It is estimated that 29 millions more tons of coal will be mined this year than last—with fewer men. Quite a feat by mine owners and miners alike! And there are adequate rail facilities for bringing the coal to your city.
But certain grades and sizes of coal are needed for war production. And, in addition, your local dealer is suffering from a shortage of manpower, trucks and tires. So be patient with him.
And conserve the coal he is able to deliver to you. You can make your coal supply go at least 10% further—and save that much on your fuel bill—by taking a number of simple precautions.
See that your heating system is clean and in good repair. Close off unused bedrooms. Pull your shades and drapes at night. If you can, insulate. For other suggestions see your coal dealer.
One of the biggest jobs of the C&O Lines is hauling coal from the mines along its routes, so we're in a position to understand the problem, and to know how essential coal is these days.

May Take Oath Two Times

By Jack Bell
WASHINGTON, Dec. 11—(P)—Senator Truman (D-Mo) debated with himself today whether to be sworn in as vice president in the senate or to let that be a part of the large economy size inauguration at the White House.
He may compromise by doing both Jan. 20. If he repeats the oath of office in a senate ceremony the administering officer probably will be Senator Kenneth McKellar, 75 year old Tennessee Democrat.
McKellar apparently will be the choice for president pro tempore of the senate.
Reorganization of the senate will bring no shift in the majority lineup, but members expect some changes to be made when Truman succeeds Vice President Henry A. Wallace.
The bespectacled, graying Missourian, known to his colleagues as a good mixer, offers a sharp contrast to the aloof, reticent Wallace. In four years Wallace has made few close friends in the senate, has wielded little influence in shaping the course of legislation.

In the Service

Charles Craig of the U. S. Naval Reserve on duty in the South Pacific was promoted to the rank of Petty Officer 1/c on December 1. In a recent letter to his wife, who resides at 3001 Warwick boulevard in Kansas City, he told of meeting Al Zurcher, also of Sedalia, owner of the Zurcher Jewelry store.

Pvt. Sidney A. Dickerson, Jr., who entered service in the United States Army on May 11, 1944, is now in Germany, according to a letter received from him by his family.

His wife and children, Sharon Lee and Sidney III, reside at 1710 South Brown avenue, and his parents, Mr. and Mrs. S. A. Dickerson, live at 1323 East Fifteenth street.

Pvt. Verrel M. Martin has arrived safely somewhere overseas. Pvt. Martin is in the U. S. M. C. R.
